ENVIRONMENTAL POLICY STATEMENT

AIM Commercial Cleaning Limited recognises the importance and need for the development of operational practices that will contribute towards an improved environment. The company will conform with the requirements of the Environment Protection Act 1990 and pursue environmentally responsible and eco-efficient methods of operating to promote improved standards of working, whilst maintaining the highest quality production.

In order to achieve our objectives, AIM Commercial Cleaning will:

- Comply with or improve upon the standards required under relevant legislation; a commitment to fulfil our compliance obligations and give full co-operation to statutory bodies administering environmental legislation;
- Commit to the protection of the environment and the prevention of pollution as follows;
 - I. Ensure that potential polluting releases into the environment, are either eliminated, minimized or controlled to reduce the detrimental impact on the environment;
 - II. Ensure the efficient use of resources, energy and fuel throughout company operations; monitor the use of natural resources utilised by the company to ensure they are used as efficiently as is practicable;
 - III. Ensure that waste products are managed effectively so as to minimise possible adverse effect on the environment; disposed of in accordance with legislation, and wherever practicable, seek to enhance waste re-use, recycling and the use of recycled materials;
 - IV. Consider environmental criteria when purchasing new work equipment, materials and products to ensure they will be acceptable to the needs of the business and its customers.
- Continue to improve upon its policies and procedure and set objectives and targets for continual environmental improvements;
- Plan company undertakings and ensure that environmental issues are considered in our decision-making processes;
- Provide instruction to all personnel to enable them to contribute towards the implementation of this policy;
- Endeavour to ensure that contractors working for AIM Commercial Cleaning contribute towards our company's environmental policy and objectives;
- Consider the concerns of local communities and other interested parties;

We shall provide the necessary resources to ensure the effective implementation of this policy and shall periodically review this policy to ensure that it continues to reflect our needs and expectations.

We shall ensure at all times that the company's environmental policy is available within the public domain.

AIM Commercial Cleaning will, in respect of its undertakings, endeavour to co-operate with clients and regulatory bodies and other interested parties in the common objective of improving the working and general environment.
